Judith and Leila, residents at 11616 ISC attended the meeting to bring up landscaping issues with the deterioration of the “corner”. The area being referred to is the corner space between 11618 ISC & 11616 ISC. With the corner sloping down towards the sidewalk, the mulch tends to slide down to the sidewalk and consistently appears messy. Requests were made to approve the area with suggestions on placing stones around the corner to build a small wall to hold up the mulch. Board will have Diana look into the cost of the stone build up.
